Compton's DAHLIA FARM
BORING, OREGON

To Our Customers:

To insure your satisfaction and that of your customers we take pride in selecting only choice tubers for your order. Each tuber is individually inspected just prior to shipping and is carefully packed to insure satisfactory delivery.

GUARANTEE

We guarantee our dahlia tubers to be true to name and of highest quality. If stock is not completely satisfactory when received, return same at once and your money will be promptly refunded. We want you to be completely satisfied and if for some reason you do have a complaint please advise us within 10 days of receipt of shipment.

OUR FARM

We are located 20 miles southeast of Portland on Mt. Hood highway, U.S. 26. Visitors are always welcome to inspect our plantings and handling facilities. Blooming time from mid-August to late October.

STORAGE

Our dahlia clumps are washed clean and separated at digging time. Ventilated storage is held at a near constant 50 degrees F. Fungicides are used to control damaging molds.

CULTURE

Culture varies with locality but a few things are constant in all areas. Plant dahlia tubers about 5 inches deep and horizontal in area of near full sunlight. Water heavily at planting time and thereafter as needed for optimum growth. Pinching the top terminal shoot from dahlia plant after four sets of leaves have developed will cause branching and development of more and better quality blooms without staking.

WHEN ORDER ARRIVES

If freezing weather prevails along the shipping route it is a good idea to check your shipment at once for frost damage. If damage is evident contact your carrier agency at once and advise us of their decision. Present your invoice and carrier bill of lading to them for any claims. We ship by insured carriers and any claim for damage en route must be submitted to them. Store your dahlias in a cool dry place that has good ventilation. It is important to keep the tubers stored in their shipping medium or similar material to eliminate shriveling. When displaying the tubers for sale, display only a moderate number and keep the main supply covered. Do not display dahlias in sunlight or near a heating plant.

DISPLAYING THE TUBERS

Where possible we are sending along color pictures to stimulate sales and these should be displayed with the tubers. Eyes will be evident on all tubers but often times the layman will not recognize the dormant eye. Use slightly damp peatmoss on the tubers displayed to stimulate sprout growth. A green sprout is worth a million words and adds much sales appeal. *If sprouts break off or become too long and must be cut off, a new one will develop in the same terminal.* Moist, growing tubers will sell four to one over the dry dormant stock. Do not display the tubers near a heat unit or in the sunlight.

TERMS AND CONDITIONS OF SALE

Prices are all F.O.B. Gresham, Oregon. New accounts please send cash with order. Net thirty days. No charge for packing materials or shipping containers. We ship via Express or Auto Freight unless otherwise instructed. We ship in lightweight wirebound or cardboard containers. If delivery by parcel post is desired please include sufficient postage with your remittance. Excess postage will be refunded.

COMPTON'S DAHLIA FARM

Large Decorative Dahlias

FD—FORMAL DECORATIVE—Double flowers, full to the center, usually with flat petals, often rounded at the tips, and regular in arrangement.
ID—INFORMAL DECORATIVE—Double flowers, full to the center, usually with long twisted petals, and often irregular in arrangement.

The large decorative type dahlias are the most popular and are available in most every color and blend but blue and a true black. Sizes under this heading range from six to 14 inches in diameter.

NOTICE: Ten Tubers of a variety at the 25 rate, 50 at the 100 rate. Write for larger quantity prices.
 No less than 5 of a variety.

All American (SC) 8" mulberry rose suffused salmon. Blooms are very artistic and held on fine stems. Bush is about 3 feet.	.30	.25
Ami Blin (SC) 10" blooms of rich velvet black-red. This outstanding dahlia is one of the finest of recent Holland creations. Bush is massive and rugged with cane-like stems.	.35	.30
Andries Orange (C) 4" blooms of rich coppery orange that has everything desired in a cutflower. Good keeper, fine stems and an early and heavy bloomer	.22	.18
Aristos (SC) 10" violet purple cactus on medium to tall bush. Blooms are often white tipped and always very large.	.25	.21
Atomique (C) 5" blooms of rich pure white with centers just slightly tinted orchid pink. Perfection for cutting and one of the best keepers on water. Wonderful stems	.30	.25
Bali (C) 6" clear salmon pink on fine stem and bush. A very nice cutter and keeps well on water. Bush is medium to tall.	.22	.18
Ballay Rouge (IC) 8" blooms of rich currant red on tall rugged bush. Blooms are exceptionally full and fine textured with blooms held facing on cane-like stems. Not recommended for cutting.	.35	.30
Blackbird (C) 6-8" blooms of richest oxblood red to black at the centers that is a knockout at the shows. Spiderlike in formation. Bush is very robust and massive. Outstanding.	.40	NET
Casper Ludwigs Memory (C) 6-8" blooms of deep red with the center just a few shades darker. This dahlia is one of the very finest cutflower varieties we have ever grown. Bush is very vigorous with exceptionally long stiff stems.	.35	.30
Clementine Payne (IC) 6" blooms of soft lilac to the outer petals deepening to the center petals with a clear white at the base of all petals. Outstanding as a cutflower with wire-like stems and fine bush characteristics. Recent from Holland	.40	.35
Dubonnet (C) 4" dubonnet red cutflower that is very dainty and delicate in floral arranging. Bush is about 3 feet and very round and hedgelike. Masses of bloom from early in season.	.22	.18
Fernie Triumph (C) 8" brilliant chinese red cactus that is very outstanding. A very good keeper when cut and produced on very nice stems. Color is exceptionally intense	.35	NET

VARIETY	Ea. in lots of	
	25	100
Figaro (SC) 10" golden yellow penciled scarlet. Exceptionally showy this dahlia always draws praise. Medium bush with the huge colorful blooms held well out of the foliage.	.25	.21
Golden Jupiter (IC) This lacy dahlia is almost a two-tone with the center half of the bloom a bright gold and the outer petals a soft apricot. Bush is medium to tall.	.30	.25
Golden Rectitude (C) 7" blooms of elegant light Spanish orange that is produced on very long strong stems. Bush is very stately and strong. Excellent keeper on water.	.35	NET
Hestia (C) 4" florists' jewel that has all the qualities of a perfect dahlia for floral work. Bloom is very full and deep on wirelike stems. Color is soft peach with a deeper center. Bush is massive and in heavy bloom early in season	.22	.18
Hylas (C) 6" blooms of soft coral rose. Another deep petaled florists favorite. Stems are ideal and bush is exceptionally vigorous growing to about 4 feet. Early bloomer	.30	.25
Jersey Dainty (C) 6-8" pure white straight cactus. Fine stem and bush habit.	.25	.21
Lady's Fancy (C) 4" blooms of delicate lemon yellow and cream with outer petals mottled light pink. Fine for cutting. A medium to low grower with many blooms from early season.	.22	.18
Lombaert's Violet (C) 4" pure deep violet cutflower. Bush is about 3 feet with masses of bloom from early season. Stems are very nice for cutting. Bush should be kept cut.	.25	.21
Market Glory (C) 4" blooms of rich clear pink overlaid with purple to produce an exceptionally brilliant coloring. Stems are very good for cutting and blooms keep well on water.	.22	.18
Mary Taylor (C) 8" honey or taffy suffused phlox pink. A very glamorous dahlia that is a favorite with everyone. Has very good stems and stands up well when cut	.25	.21
Mother Aarston (C) 5" spider cactus in rich chamois bronze. This dahlia is one of the first to bloom and stays a solid hedge of color until frost. Would be ideal for border.	.30	.25
Nagels Orange (C) 6" pure rich orange. A massive bush with a load of bloom from early in the season. Stems are ideal for cutting.	.25	.21

CACTUS DAHLIAS, Continued

VARIETY

Es. in lots of
25 100

Nicky K. (C) 5" brilliant scarlet cactus of finest cactus form. Full, deep blooms are ideal for cutting and keeps well also.	.25	.21
Pink Cactus (SC) 8" blooms of soft flesh pink that is very delicate for such a large dahlia. Bush tends to grow very massive and tall and should be pruned. Fine for cutting.	.30	.25
Pin Up (C) 4" florists' gem. Color is delicate deep magenta that is so intense that it appears to glow under artificial light. Bush is open and produces the blooms on fine stems. One of the elite of the cut-flower group.	.40	.35
Reisenwunder (C) 10" two-tone cactus that is a real eye-catcher. Outer half of rolled petals is a bright rose pink suffusing to a white at base. Very rugged flower.	.35	.30
Roselyn Straight (SC) 10" blooms with general coloring of deep apricot yellow shaded and streaked scarlet. Outstanding.	.25	.21
Ruby Charm (C) 4" cardinal red cactus that is a dandy little flower for cutting. Bush is about 3 feet with very heavy foliage. Very fine stems.	.35	.30
Sabine (C) 4" cactus cutflower. Color is deep coral to soft tangerine at the center. Early and profuse.	.22	.18
Satan (SC) 10" giant red that is still among the showpieces. Exceptionally rugged grower that produces the huge blooms easily.	.25	.21
Skyrocket (SC) 10" blooms of richest vermilion red. One of the most intense colors we have seen in a dahlia. A planting or a single bush stands out in any planting.	.30	.25
Smoky (IC) This is Holland Smoky and not to be confused with England Smoky. Color is ochre yellow at base of petals heavily suffused magenta rose. Result is a very smoky color effect. Extremely vigorous and a heavy bloomer. Outstanding.	.40	NET
Taiyo (IC) 8" blooms of rich velvet black-red with very unusual white tips to the tips of petals. Though not ideal as a cutflower this dahlia is a sensation to see.	.25	.21
The Cardinal (SC) 11" blooms of dazzling currant red that won the Derrill Hart Award and has been on all three honor rolls. Bush alone is a showpiece of vigor with the stately blooms held well out of the foliage. A truly outstanding dahlia.	.35	.30
Tip (C) 4" lemon yellow cutflower that has long been a must with the florists. Very strong and resistant grower with choice stems. Keeps exceptionally well when cut.	.22	.18
Val Saint Lambert (C) 7" blooms. Color is almost white lightly suffused and tipped deep pink. Coloring is very delicate and pastel.	.60	.50
